VOLUME 33

NUMBER 1

FEBRUARY 2026

CODEN : IEMSEW 33(1) 1-136

ISSN : 0971-4588 (Print); 0975-1017 (Online)

CONTENTS

Challenges in production and placement of alkali activated concrete for <i>in-situ</i> applications Amit Trivedi, Rajeev Goel, Rakesh Kumar, Arup Ghatak, Brijesh Singh & Rohit Kumar	9
Experimental study on comparison of equivalent concrete compressive strength of cores and rebound hammer tests with in-place and standard cubes Nibir Pran Borah, Leon Raj Jesu Arul Raj, Siva Chidambaram Rajendran, Sanjay Deori, Dipak Basumatari, Rajib Das & Chockalingam Tamilarasu	20
Enhanced MPPT for PV systems using a two-stage hybrid fuzzy logic and P&O algorithm Rajesh Kumar, Ananyo Bhattacharya & Aanchal Singh S Vardhan	36
Developing fired bricks from drinking water sludge and fly ash using cow dung and rice husk biomass wastes as internal fuel Leena Vachasiddha, Shalini A Tandon & Rakesh Kumar	51
Design and optimization of high-performance organic solar cells based on DPPEZnP-TBO active layer Sanjay Narayan Barman & Pinaki Laha	60
Advancing sustainability with the integration of PV-wind system for electric vehicle charging with optimized MPPT hybrid DC-DC converter Tharwin Kumar Ravi Kumar & Christofer Asir Rajan Charles Gnanakkan	68
Structural properties and porous nature of newly developed NEG materials Surendra Kanikella, Kannipamula Vijaya Babu, Ampolu Satheesh, Elayaperumal Sumitha & Angalakuduru Durga Prasada Rao	87
Pressure dependent thermoelectric properties of B1 and B2 phases of BaS Kiran Dhill, Saloni Sharma, Ghanshyam Sharma & Kunj Bihari Joshi	93
Design and performance analysis of novel coaxial magnetic gear using subdomain method Amberbir Wondimua, Yang Chaojuna, Wang Ao, Sun Haobo & Gao Yuan	100
Evaluating the effects of carbon black from recycled tires on subgrade stabilization, pavement design, and construction-phase CO ₂ emissions Tacettin Geçkil & Bahadır Karabaş	111
Use of a landslide problem for the identification parameters in geotechnics Moufida Moussaoui, Souhila Rehab Bekkouche, Fadila Benayoun, Ghania Boukhatem & Marwa Feligha	126
